RRR

AAHHH!!

What's going on?
Uh...

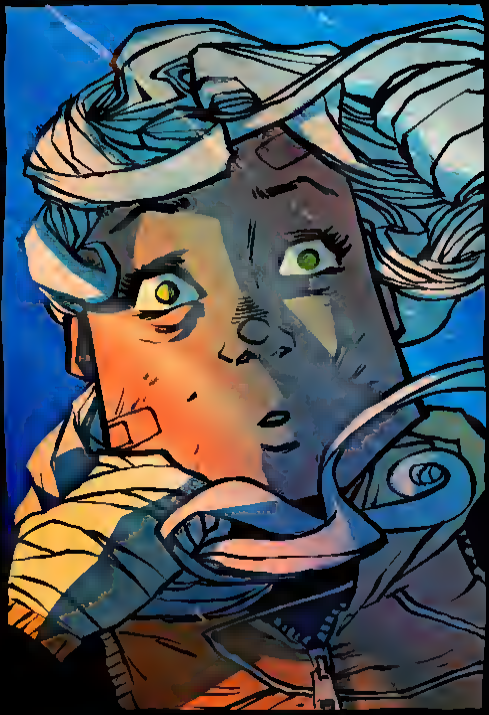
What's your problem, Simon?

Why you gotta be a Fraidy Cat?

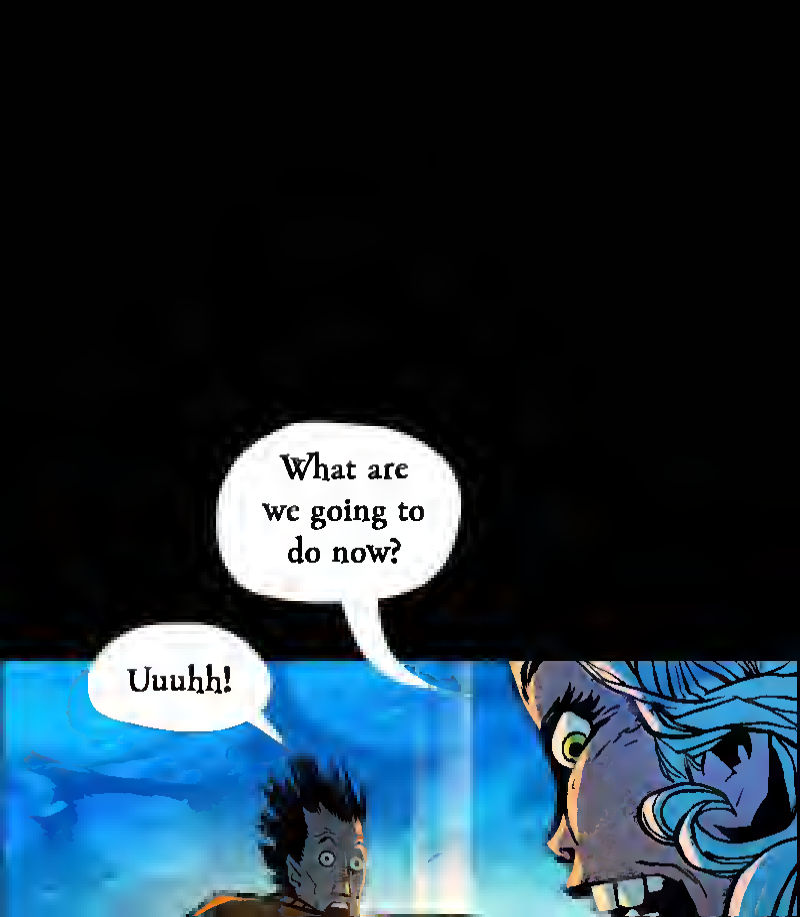
He's hiding so
he wont get wet.

You might want to cover up as well and hold onto something.

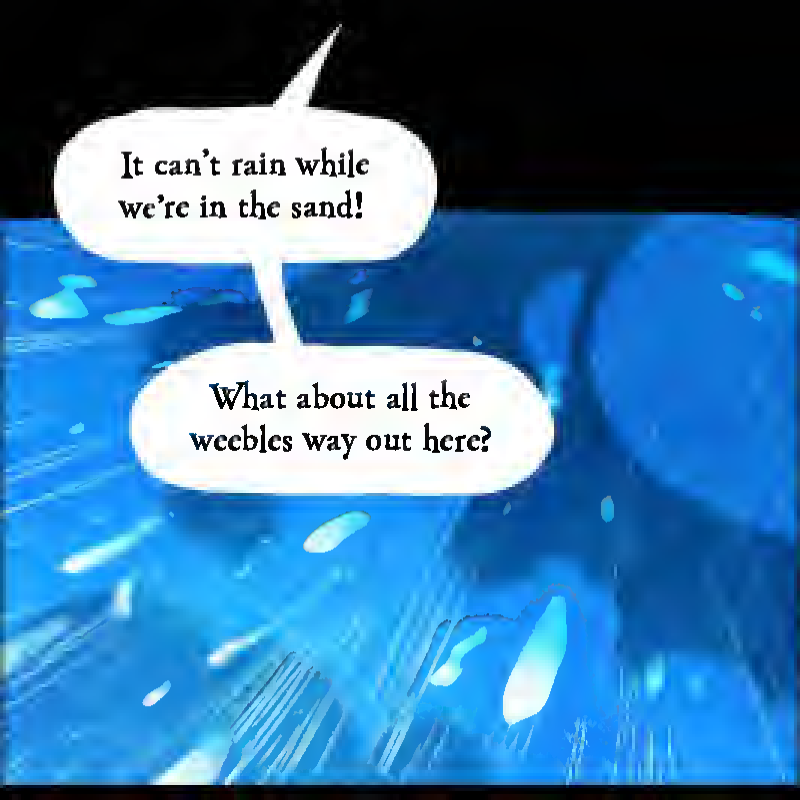
The winds have changed.
It's about to start raining.



It's starting... TO RAIN?!



What are we going to do now?
Uuuhh!



It can't rain while we're in the sand!
What about all the weebles way out here?

"Hold on Vonna, it might
start to get a little bumpy."
